### GREENFIELD ORIENTED STRAND BOARD PRODUCTION LINE

KTC was retained by Norbord to complete the design and management for a \$145 million new OSB production line in the state of Georgia, USA.

The existing and new production line together potentially exceeds 1 billion ft<sup>2</sup>/yr, 3/8" basis.

The services included equipment procurement, detailed specifications, scheduling, process design, structural design, mechanical design, foundation design, piping design, civil assistance and detailed equipment design.
